GEOGRAPHY FOR OUR COMMON FUTURE  
*GEOGRAFIA PER AL NOSTRE FUTUR COMÚ*  
GEOGRAFÍA PARA NUESTRO FUTURO COMÚN  
*LA GÉOGRAPHIE AU SERVICE DE NOTRE AVENIR COMMUN*

Geography, with its focus on the interaction between people and environments, is well placed to answer questions about the state of the world and to propose solutions for our common future. 9th EUGEO Congress Barcelona 2023 welcomes sessions and presentations on a broad range of topics addressing today's challenges.

- Each session will have an initial five-minute introduction, five presentations of 20 minutes each (including questions), and 15 minutes of overall debate.
- Sessions can be organized in English, Catalan, Spanish or French.
- Call for sessions: November 1, 2022 to December 31, 2022
- Acceptance of sessions: January 31, 2023
- Call for abstracts : February 1, 2023 to March 15, 2023
- Communications acceptance: April 15, 2023
- Final Program: July 15, 2023

9th EUGEO Congress Barcelona 2023 only onsite.
